## Online Learning Music Review Curriculum: Spring 2020

\*Students and parents: please note that the following are assignments for our students to utilize during the period of time in which our school is closed due the Government's directive. These assignments should be treated as school work to be completed. However, the administrators understand that during this difficult time, there are those without access to the necessary resources to complete the following assignments. Bottom line, we simply ask that you do your best. In addition to the assignments below, there are online resources that can supplement the curriculum. These are NOT required and will NOT negatively affect any student's grade if not utilized. Again, we include them only in an effort to give our students a chance to learn during this time period. Mr. Bowman, Mr. Thomas and Dr. Grant will also send invitations to Google Hangouts, Google Meet, etc. at regular intervals. Please, DO NOT STRESS about this! The material presented is a great opportunity for some students to catch up, review, explore new concepts at their own speed, etc. As always, we are here to help in any way we can. Should you ever have ANY questions or concerns, do not hesitate to contact your directors. "Grace before Grades."
